Quiz Competition & Science Fair

Mewar University has always encouraged young minds to come forward and play a vital role in shaping up the future of this country.

In this context, Mewar University organized Science Fair and Quiz Competition for school students on 10th October, 2018.

The competition was open for class IX – XII. Approx 200students participated in the quiz competition from 19 schools from Chittorgarh and Bhilwara district.

First floor of the admin building was buzz of activities of the day. Project big and small innovations and ideas facing shape hogged the limelights. One can feel science in the air. School students were more than happy to be a part of this event and demonstrate their skills. Later quiz completion was organized and winning team for the both quiz and Science fair received cash prize and certificates from chairman of Mewar University.

The event was appreciated by Principal and teachers of participating schools.

In the end, convener of the event given vote of thanks to all the participating students, teachers and further appreciated the efforts of faculty members and students of the university who make this event a ground success.
