During the 2018-19 academic session, I conducted several counseling sessions with my students to address their concerns and challenges. The key issues that were raised include:

Issues Raised	Actions Taken / Solutions Provided	Outcome
<b>Anxiety about missing regular classes and gain of practical experience</b>	Ensured students caught up with their coursework and gained practical experience through internships or additional resources.	Students managed to overcome their anxiety, effectively catching up with their coursework and gaining practical experience
<b>Concern about career perspective</b>	Provided career counseling, discussed potential career paths, and connected students with mentors and alumni for guidance.	Students gained clarity on career options, leading to a more focused approach to their future plans
<b>Preparation for competitive examination</b>	Offered guidance on time management, exam strategies, and available study resources. Organized group study sessions for support.	Students felt more confident in their exam preparation
<b>Concerns about hostel, food, and cleanliness issues</b>	Advised students to approach the hostel warden with their concerns and ensured follow-up to resolve issues.	Hostel conditions improved, and students were satisfied with the living arrangements.
<b>Request for industrial visits</b>	Coordinated with the department head to organize regular industrial visits based on student interest and learning goals.	Industrial visits were successfully arranged, enhancing students' practical learning experience.
