## MEMORANDUM OF UNDERSTANDING

This understanding is made and entered into on this 24<sup>th</sup> day of February 2022, by and between Mewar University, having its registered office at NH-48, Gangrar, Chittorgarh and its wholly owned subsidiaries, hereinafter referred to as "THE INSTITUTE" of the FIRST PART,

AND

Energy Swaraj Foundation, a not-for-profit organization, Section 8 company with its registered address at Room No. A-215, Eastern Business District, Bhandup (West), Mumbai, Maharashtra – 400 078, hereinafter referred to as "ESF", of the SECOND PART.

"THE INSTITUTE" and ENERGY SWARAJ FOUNDATION / "ESF" are individually and collectively referred to hereinafter as a 'Party' and the 'Parties' wherever the context so requires.

### 1 PREAMBLE

Whereas, "ESF" is a not-for-profit organization engaged in establishing Energy Swaraj across the world. The Energy Swaraj Movement is planned from 1st Jan 2020 till 31st Dec 2030 in line with sustainable development Goals. During this period, it is envisaged that the following targets will be achieved:

- i. 1000+ million people to be made 'energy and climate literate'
- ii. 10+ million households to bring off-the-grid
- iii. Nurture 100,000 solar entrepreneurs

In addition to this, the Foundation aims to achieve the following:

- a. Provide hands-on training to 100+ Million People
- b. Provide Energy Policy Recommendations to 50 countries
- c. Plant 330 million trees

Whereas, "ESF" will be establishing Energy Swaraj Ashrams (or Demonstration Centres) with an active role played by the academic institutions. Energy Swaraj Ashrams acts as Solar Incubation Centers for creating and nurturing young entrepreneurs who in turn would provide solar energy solutions and services in their local area. It is envisaged that through the active role of these Ashrams, households, institutions, communities and regions can become self-sufficient in generating and fulfilling their own energy needs using solar energy or other renewable energy solutions.

*Ram*  
Registrar  
Mewar University  
Chittorgarh (Chittorgarh)

Whereas, the role of "THE INSTITUTE" is envisaged as the solar incubation centers in academic institutions. They are to encourage the local communities to take up the solar solutions. They will identify the entrepreneurs who will be further nurtured by the "ESF" at a cost-basis through technical and business development training.

Whereas "ESF" will provide technology and business development support to selected students and faculty members of the institute and nearby area to develop them as successful entrepreneurs at a cost-basis.

Whereas, the role of "THE INSTITUTE" will be to partner with "ESF" in implementing the role envisaged for the Energy Swaraj Ashrams and establishing Energy Swaraj by creating a , and

Whereas, "THE INSTITUTE" and "ESF" have mutually decided to set out the terms and conditions and the Roles and Responsibilities of both the parties under this understanding.

NOW THIS UNDERSTANDING IS AS UNDER:

## 2 ROLES AND RESPONSIBILITIES OF "ESF"

"ESF" has multidisciplinary expertise for promoting and implementing local entrepreneurs in India through the learnings gained in the implementation of Government of India sponsored Solar Urja through Localization for Sustainability (SoULS) Initiative of IIT Bombay, which has resulted reaching out to 8+ million families and training of 9,000+ locals. "ESF" will provide technology and business development support to selected students and faculty members of the institute and nearby area to develop them as successful entrepreneurs. The specific roles and responsibilities of "ESF" are as follows:

1. "ESF" shall assist in overlooking the operations of the Energy Swaraj Ashram or solar incubation center in THE INSTITUTE.
2. "ESF" shall provide technical expertise in the field of renewable energy, especially in solar energy and technology support to entrepreneurs.
3. "ESF" shall facilitate supply chain management for cost-effective high quality products and components to entrepreneurs for sale in their specific region.
4. "ESF" shall provide business development support by generating business opportunities and aggregating demand.
5. "ESF" shall provide e-training for the running of the demonstration centre
6. "ESF" shall provide cost-effective training to entrepreneurs who agree to invest in their solar shops under Energy Swaraj Ashram to make them as Solar Entrepreneurs.

## Annexure A- Activity Details

Primary there are four activities which are planned in Energy Swaraj Ashram.

### 1. Competitions

The objective behind organizing competitions is to attract the attention of students towards the subject of climate change and renewable energy. Even after the competition there will be many thought provoking exercise through social media platforms for these students to learn more about these subjects.

Various competitions like painting competition, clay competition, Elocution competition, Debate competition, Quiz competition, Essay competition, etc. can be organized between students of schools or colleges on various topics related to the climate change and renewable energy.

Prizes for the top three participants and certificates to all participants will be facilitated by the Energy Swaraj Foundation.

### 2. Hands-on Training Program

As the next step of awareness, various hands-on training programs can be organized for college students or the general people living nearby the Energy Swaraj Ashram. In this hands-on training program, a trained trainer from Energy Swaraj Foundation will teach participate how to assemble portable solar product. Hands-on training program play very important role to generate the interest to work in particular area. Various resources for enhancing the knowledge will be shared with these participants.

Material and training costs for hands-on training programs will be collected from the participants which in turn will be given to the participants only as a fully assembled solar products in case of Level 1 Training Program. Anybody can participate in hands-on training program. Few hands-on training programs are listed below.

#### Level 1 Training Programs

- ii. Magic of Solar Technology (Solar PV and Thermal)
- iii. Student Solar Lamp Assembly (Model-1)
- iv. Student Solar Lamp Assembly (Model-2)
- v. Student Solar Lamp Assembly (Model-3)
- vi. Solar Toy Car Assembly (Model-1)
- vii. Solar Toy Car Assembly (Model-2)
- viii. Solar Water Fountain
- ix. Solar Bug
- x. Solar Flash Light / Night Light Assembly

#### Level 2 Training Programs

- xi. Solar Module Assembly
- xii. Solar Mobile Charger

Registrar  
Maharaja Pratap Singh  
Gangra, (Chittorgarh)

- xiii. Solar Street Light Assembly

### Level 3 Training Programs

- xiv. Solar Cell Assembly  
xv. Solar Home Power System Assembly - demo

### 3. Solar Training Program

These will be specific training programs which can be organized for the interested entrepreneurs who want to start solar business. These training program can be molded as per the requirement of the participants. The charges for the training program has to be paid by the participants. The number of participants will be limited to 30 per batch so that maximum attention can be provided to all individuals. If more number of participants shows interest, then multiple batches can be organized.

Few solar training programs are listed below.

- i. Solar Product Technical Training Program (2 days)
- ii. Solar Product Installation Training Program (3-5 days)

- iv. Solar Business Development Training Program (2 days)
  - a. For new entrepreneurs
  - b. For existing entrepreneurs
  - c. For existing solar entrepreneurs
- v. Incubation Training Program (2 days)
- vi. Micro Finance Training Program (2 days)
- vii. Industry Operations Training Program (2 days)

Special training programs will be organized as per the requirement of incubates who are interested in technology development or involvement of manufacturing processes in solar industry. Separate MOU will be established for defining all terms and conditions as per the mutual understanding in this category of incubate.

### 4. Awareness Training Program

These training programs will be organized inside the Institute campus for students or in nearby area for general public to create the awareness. Lot of ideas from Institute students and faculties are open in this vertical. It will be designing as per the requirement of the local area. The Energy Literacy Training will be conducted for the Ashram free of cost.

Dear Sir,

Good afternoon & greetings from Mewar University.

Referring to our conversation, please find the attach resumes of our students who are pursuing their B.Tech in civil engineering and are basically from Nepal. These students are in their final semester (Jan 2022 to June 2022) which is meant for their Industry attachment and they have to ensure minimum 75% attendance during the internship period and there are certain marks assigned for the internship which will be given by the respective trainers, this also ensures the discipline of interns.

Post successful completion of the internship, if there are some job openings available these candidates can be considered for such positions, as by that time they are well versed with the organization and the work culture, hence could be productive from the beginning itself. This way its a win win situation for both the student as well as the organization. We are connected with more than 200 organization, wherein we have been sending our students every year.

I would request your kind consideration and revert on the same.

Regards.

This Memorandum of Understanding (hereinafter referred to as "MoU") entered into on this 10<sup>th</sup> of July 2021 by and between:

**Mewar University** is an NAAC accredited autonomous university set up by the Government of Rajasthan through Act. No. 4 of 2009 passed by the Rajasthan Legislative Assembly (Government of Rajasthan), located at NH - 79 Gangrar, Chittorgarh, Rajasthan-312901.

AND

**Central Institute of Petrochemicals Engineering & Technology (CIPET)** located at Sitapura, Jaipur, a premier Academic Institution for higher & technical education under the Ministry of Chemicals & Fertilizers, Govt. of India fully devoted in all the domains of plastics viz:- Design, CAD/CAM/CAE, Tooling & Mould Manufacturing, Production Engineering, Testing and Quality Assurance. CIPET operates from various locations spread across the country to cater the needs of the Polymer and allied industries.

This MoU is based on the principal of reciprocity and expresses the interest of both institutions in exchanging scholars, students, academics information and materials in the belief that the research and educational process at both institutions will be enhanced and that mutual understanding between their respective scholars and students will be increased by the establishment of such exchange programs as per guidelines.

1. The institutions agree to encourage the development of the following exchange programs based on their respective academic and educational needs:
  - Exchange of scientific staff
  - Exchange of students (undergraduate and / or graduate)
  - Exchange of academic information and materials
  - Exchange of periodicals and other publications
  - Organization of joint research programs
  - Organization of joint conferences
  - Organization of other academic exchanges agreeable to both institutions
  - Use of laboratory facilities on mutually agreed terms and conditions

  
Signature of \_\_\_\_\_  
(Name of \_\_\_\_\_)

Areas to start this collaboration are listed in Annexure 1. Both the institutions can revisit this list after mutual consultation.

2. The parties recognize that the implementation of any exchange program will depend upon the academic interests and expertise of individual staff members and upon the availability of financial resources. Accordingly, the implementation of each exchange program based on this agreement shall be separately examined and determined by both institutions. The institutions shall enter into separate agreements regarding the individual exchange programs.
3. Faculty/Scientists of either of the institute initiating collaborative work will take care of the usage of their institute resources and conduction of activities as per institute norms.
4. Each institution will adhere to the intellectual laws of India. Intellectual property developed during the visit of an exchange student/researcher/faculty/staff will be governed by the rules of the host institute unless otherwise specified. The two institutions shall jointly own results of clearly defined collaborative projects and exchange programs.
5. This MoU is not intended to be a legally binding document. It is meant to describe the nature and to suggest the guidelines of the cooperation described above. Nothing therefore shall diminish the full autonomy of either institution, nor will any constraints be imposed by either upon the other in carrying out the agreement. Any disputes shall be resolved through mutual discussion between the highest officials of the respective institutions.
6. Any addition, deletion and /or alteration to this MoU may be effected by writing. A document containing the additions, deletions and /or alterations, and signed by all Parties hereto, shall from an annexure to and be deemed to be a part of this MoU.
7. The agreement shall become effective on the day representatives of both institutions affix their signatures and seals, will be in force for a period of 3 years, and is subject to revision or modification by mutual agreement. It is also understood that either institution may terminate the agreement at any time, although it is assumed that such action would only be taken after mutual consultation at least six months in advance in order to avoid any possible inconvenience to the other institution.

Dear Sir,

Good afternoon & Greetings from Mewar University.

Collaboration between industry & academia supports improvement and innovation in the industry and helps to ensure industrial relevance in academics. For addressing challenges related to competitiveness, organisations often look beyond industry partners to academic collaborations for innovation.

Talking about how Industry- Academia linkages will mutually benefit the two, students will learn & engage in real world problem solving as it brings together the applicability of theoretical knowledge in real life situations. Industry will find job ready students who need less training and are productive from the very beginning.

We at Mewar University have tried to address the requirement of such skilled manpower & accordingly developed the courses with Training / Internships as mandatory components of the course curriculum. For this we have collaborated with MSME centers & have a strong association with 300+ companies located all across the country wherein we have been sending our students for their six months final semester internship. **MEMORANDUM OF UNDERSTANDING FOR INSTITUTIONAL  
COLLABORATION  
BETWEEN  
MEWAR UNIVERSITY, CHITTORGARH  
AND  
CSIR-CENTRAL ELECTRONICS ENGINEERING RESEARCH  
INSTITUTE (CSIR-CEERI)**

This Memorandum of Understanding (hereinafter referred to as "MoU") entered into on this **01<sup>st</sup> day of December 2020** by and between:

**Mewar University** is an NAAC accredited autonomous university set up by the Government of Rajasthan through Act. No. 4 of 2009 passed by the Rajasthan Legislative Assembly (Government of Rajasthan), (hereinafter referred to as "**MEWAR-U**"), located at NH - 79 Gangrar, Chittorgarh, Rajasthan-312901.

**AND**

**CSIR-Central Electronics Engineering Research Institute**, (hereinafter referred to as "**CSIR-CEERI**") established in 1953, is a constituent establishment of the **Council of Scientific and Industrial Research (CSIR)**, **New Delhi**, having its campus and administrative office in Pilani - 333 031, Rajasthan, India. It is devoted to R&D activities in three areas, namely (1) Advanced Electronic Systems: Image processing and DSP, Internet of Things (IoT), Embedded System Design, Electronic Instrumentation, Industrial Control & Automation, Power Electronics, Robotics, VLSI Design (Digital, Analog, Mixed Signal), etc.; (2) Advanced Semiconductor Electronics: MEMS, Micro-sensors, Opto-electronic Technologies, Photonic Devices and Sub-systems, Nano-electronics, LTCC and Advanced Packaging technologies, etc.; (3) Microwave Tubes: Klystron, Magnetron, Travelling Wave Tubes, Gyrotron, Plasma Tubes, Tera Hertz devices etc. CSIR-CEERI also has Centres at Chennai, Delhi and Jaipur.

**Registrar**  
Mewar University  
Gangrar, Chittorgarh

Collectively hereinafter referred to as "institutions"

This MoU is based on the principal of reciprocity and expresses the interest of both institutions in exchanging scholars, students, academics information and materials in the belief that the research and educational process at both institutions will be enhanced and that mutual understanding between their respective scholars and students will be increased by the establishment of such exchange programs as per CSIR Guidelines.

1. The institutions agree to encourage the development of the following exchange programs based on their respective academic and educational needs:

- Exchange of scientific staff
- Exchange of students (undergraduate and / or graduate)
- Joint supervision of M.Tech, M.S and Ph.D. students
- Exchange of academic information and materials
- Exchange of periodicals and other publications
- Organization of joint research programs
- Organization of joint conferences
- Organization of other academic exchanges agreeable to both institutions
- Use of laboratory facilities on mutually agreed terms and conditions

Areas to start this collaboration are listed in Annexure 1. Both the institutions can revisit this list after mutual consultation. The above activities shall be undertaken as per CSIR guidelines.

2. The parties recognize that the implementation of any exchange program will depend upon the academic interests and expertise of individual staff members and upon the availability of financial resources. Accordingly, the implementation of each exchange program based on this agreement shall be separately examined and determined by both institutions. The institutions shall enter into separate agreements regarding the individual exchange programs.

3. Faculty/Scientists of either of the institute initiating collaborative work will take care of the usage of their institute resources and conduction of activities as per institute norms. **Mr. GAURAV SHARMA**, HoD, Department of ECE, MEWAR-U shall be the Coordinator of the CSIR-CEERI & MEWAR-U Collaboration and will coordinate with a scientist from CSIR-CEERI for the implementation of this initiative.

Mewar University

4. Each institution will adhere to the intellectual laws of India. Intellectual property developed during the visit of an exchange student/researcher/faculty/staff will be governed by the rules of the host institute unless otherwise specified. The two institutions shall jointly own results of clearly defined collaborative projects and exchange programs. This joint ownership also entitles each party to explore commercialization. However, transfer of jointly developed technology and associated sharing of revenue shall be governed by a separate agreement. This cost of IP filing will be equally shared by both Institutions.

Furthermore, if one institution receives any information from the partner under a clearly defined non-disclosure agreement, necessary and reasonable care will be taken to protect the intellectual property received.

5. This MoU is not intended to be a legally binding document. It is meant to describe the nature and to suggest the guidelines of the cooperation described above. Nothing therefore shall diminish the full autonomy of either institution, nor will any constraints be imposed by either upon the other in carrying out the agreement. Any disputes shall be resolved through mutual discussion between the highest officials of the respective institutions.
6. Any addition, deletion and/or alteration to this MoU may be effected by writing. A document containing the additions, deletions and/or alterations, and signed by all Parties hereto, shall form an annexure to and be deemed to be a part of this MoU.
7. The agreement shall become effective on the day representatives of both institutions affix their signatures and seals, will be in force for a period of 3 years, and is subject to revision or modification by mutual agreement. It is also understood that either institution may terminate the agreement at any time, although it is assumed that such action would only be taken after mutual consultation at least six months in advance in order to avoid any possible inconvenience to the other institution.

	10. Cyber Physical Systems
	11. Power Electronics
	12. Microwave Devices

CSIR-CEERI has expertise in semiconductor processes, Device design and fabrication with state-of-the-art facilities and is planning to offer short duration training on same under SHILP initiative. In UG/ PG/ PhD programs MEWAR-U offers Electronics courses with semiconductor, CMOS, VLSI Design and related fields as their constituents. Students from MEWAR-U shall visit CSIR-CEERI to get a practical understanding of Semiconductor Design & Fabrication processes. This may be included, as part of their curriculum where students from each affiliated college shall get an opportunity to visit and execute semiconductor labs related training at CSIR-CEERI, as per CSIR Guidelines on chargeable basis. CSIR-CEERI shall demonstrate following to the students:

- Demonstration of Semiconductor Unit processes
- Unit process integration, to realize a devices/ device structures
- Unit Process Characterizations and
- Device characterization

CSIR-CEERI would offer a bouquet of programs with duration varying from one week to one month for UG and PG students of affiliated/ constituent institutes of MEWAR-U. A calendar of the courses and programs would be made available to the institutes. MEWAR-U will proliferate it and motivate the target students to take maximum advantage of these facilities.

UG, PG and PhD students enrolled at affiliated/ constituent institutes would be exposed to the facilities at CSIR-CEERI, in order to take suitable topics of their curriculum/ research where they can harness the facilities of CSIR-CEERI.

Under various schemes, MEWAR-U and CSIR-CEERI would coordinate joint Faculty Development Programs for the engineering teachers.

To: DrNarotam Sharma <sharmanarotam5@gmail.com>

Dear Sir,

Good morning & greetings from Mewar university.

Referring to our telephonic conversation and the subsequent detailed proposal of yours mentioning all the details. I would certainly look forward to a collaboration which can create avenues in the bilateral interest & ultimately helping our students getting adequate technical exposure to the new technologies & emerging trends. As I have shared during our conversation, we have a short term training and a fast semester internship as a mandatory part of our course curriculum. For taking this further it would be convenient to have a MOU between DNA Labs & Mewar University for which I would suggest to kindly share the MOU format and the detailed training modules with the best offered fee structure.

In anticipation of your kind revert.

Regards,

Harish Gurnani.

Respected Sir,

This is to bring into your kind notice that for the Academic collaborations, DNA Labs-A Centre for Applied Sciences, Dehradun, Uttarakhand launches an initiative; **E-Labs- A Knowledge Bank**. As per UGC guidelines (Press Information Bureau Government of India, for Examinations and Academic Calendar for the Universities in View of COVID-19 and Subsequent Lockdown; issued in presence of Union HRD Minister New Delhi, on 29th April, 2020), students can avail the facilities of E-Labs to complete their dissertation/summer training/ internships programs. For making the facilities available which can be utilized by the students of Microbiology, Biotechnology, Biochemistry, Medical lab Technology, Botany, Zoology etc. from UG, PG and Research Scholars from **Mewar University**. Here with this letter I am providing the details of the fee structures along with the projects.

On behalf of DNA Labs, Dehradun, requesting to provide us the details of the participants so that

Dear Mr. Gurnani,

As per our telephonic Conversation which we had Yesterday for the requirement,

We will be taking 14 ( Mechanical/ Electrical Engineer's ) as Trainee's for next 6 Months for their Internship from January 2018 at MFSIPL (Parwanoo)

As they are still pursuing their Diploma, we will pay Rs. 5000/- as Stipend Amount to each trainee with the hostel facility ,

After training, confirmation will be purely based on the vacancy & performance which will be measured in terms of - Behavior, Job Knowledge, Attendance, Extra Curriculum Activities during their training & Completion of their Diploma in July'2018,

For any clarification, feel free to call

Thanks,

Kind Regards,

Good Evening Sir,

Greetings !

We thank you for interest you have shown in our company and training programs.

As discussed, we are pleased to conduct a drive in between last week of oct'17 and first week of nov'17 for internship and Value Addition training program of your J&K students under udaan Scheme for your EE, ECE, & ME students.

The program is practical oriented and will give full exposure of hardware & software to your students. Note that our trainers will be carrying the relevant hardware and software required for training at your college. Kindly note that full program is designed by our expert trainers and we have conducted similar trainings in various engineering colleges in India. COER - Roorkee, MITRC - Alwar, MIT - Ujjain, Sikkim Manipal University, Bharati Vidyapeeth, Walchand Institute, IET - Bhaddal are few of them.

Registrar  
Mewar University  
Gangrar, (Chittorgarh)

Following are the highlights of the proposal which covers training on diversified platforms under one roof for EE, ECE, ME students.

- Automation Systems - 1) PLC 2) SCADA 3) HMI & DRIVES

I take this opportunity to brief you about our company

We are a leading EPC Turn-key solutions providing company and Asia's leading Advanced Industrial training provider serving Corporate Clients, Educational Institute as well as fresh engineering graduates and working professionals. Prolific is playing major role in bridging the gap between academia and industry demand.

It is observed that while the fresh graduates find it difficult to get placement in the industry, many corporate are craving for skilled manpower. It is essential to have skillset matching the industry requirements.

National Skill Development Corporation (NSDC), an organization set up by Ministry of Finance, Government of India, has undertaken the task of developing Sector Specific Skills and helping students get placement in the industry. In last few years NSDC has increase its portfolio from "Vocational" to "Advanced Industrial Technical" training.

We, Prolific Systems and Technologies Pvt Ltd., are accredited by NSDC for imparting Advanced Industrial Technical Skill Training to engineering students using Industry Oriented Training kits. Prolific is extending full support to NSDC for increasing employability of the fresh engineering graduates.

We hope you will revert us for the date of drive in line with the discussion. In case of any query please let me know.

Thanking you and looking forward to serve your esteemed Institution.

Dear Mr.Sharma,

Greetings from Mewar University.

Referring to our conversation and the subsequent mail of yours, it would be a pleasure having your team at our campus. I will confirm you the dates by today evening however would like to know if we can plan for having participation of students apart from J & K in the drive if so please let me know the terms applicable for them. As I have mentioned in my proposal letter the short listed candidates will be joining at your center from 1st of Jan 2018 and as per the system prescribed by the university for these students they will have to ensure 85% attendance during the internship period (Jan-June 2018) and there is a evaluation system devised, under which we will be asking for their assessment from your side.

Good Morning Sir,

Greeting of the day from Prolific

Sir thanks for your invitation for the drive and it will be our pleasure to visit your college for the campus drive.

As per your query students other than the resident of J&K are eligible for the drive but they will get no facilities which are under the Udaan scheme as per the norms of NSDC.

They are eligible for our internship program in which following students will get trained on latest training module like automation, mechatronics, robotics and sensoronics which are under the value additional program.

The Internship program for the students other than the J&K is payable for six months but the students which will be selected in the drive can make their final project free of cost, only the hardware cost is being borne by them.

Dear Mr. Sharma:

Good Morning & Greetings from Mewar University.

Referring to the trailing communication, let's fix it for 7th of November. However, we would like to have input on candidates from which all courses and branches will be eligible to appear and the process you will follow for the said drive (like written test/group discussion/PI round etc.). Please let me have the details so that accordingly same could be communicated to the participating candidates.

Also, we would like to have the details of your travel plan and number of members visiting so that accordingly arrangements at our guest house in the campus itself can be managed along with your pick up and drop from Chittorgarh railway station if you are coming by train.

As regarding logistics, University will ensure from its side the lodging/boarding and local transportation of the team.

In anticipation of your revert on the required details at the earliest.

Sir,

Greetings from Mewar University.

In continuation to our conversation, please find attach here with the proposal letter regarding internship of our students at your esteemed organization. I would like to share this internship will be from Jan 2018 to June 2018 as like last years.

To make this exercise more effective and focused, this time we would like to invite your team for conducting a campus drive rather than sending students directly. We can have this process separately for J&K and non J&K students. I would suggest if we can plan this in the month of November as after that, they will have their semester exams scheduled in December.

As discussed we can have participation of students from B.tech/P.Diploma (CS/ECE) BCA/MCA & BBA/MPA, the total number from these all courses will be some where around 150 students.

I would request your kind consideration and further inputs on the same so that it renders the desired outcome.

Subject: WORK SHOP ON "MODERN TECHNIQUES OF TOOL & MOULD DESIGN AND ADVANCE MANUFACTURING USING NX"

Dear Sir,

Greetings from IGTR Aurangabad...

We are very glad to inform you that Indo German Tool Room, Aurangabad is going to organize one day workshop on "MODERN TECHNIQUES OF TOOL & MOULD DESIGN AND ADVANCE MANUFACTURING USING NX" on 07<sup>th</sup> August 2018 in association with 3D Engineering Pvt. Ltd Pune.

Design is the first step in manufacturing where most of the crucial decisions are made affecting the final cost of the product. Smart Designs with Modern Techniques & Advance Manufacturing techniques has created a revolution in manufacturing industry is leading to reduced product cost, improved quality and reliability, shorter time-to-market, lower stocks, fewer suppliers and many other benefits.

The training program is for Industrial professionals, Faculties and Students, who are interested in evaluating "COST & TIME" implications of their design & aim at production of high value products.

You are kindly requested to nominate the representatives from your esteemed organisation / Institute for the training program. Details of the training program are enclosed herewith for your ready reference.

Last date of registration is 6<sup>th</sup> August 2018.
