Report of Technical Today Club & Forum

2017-18

In order to meet the challenging needs of corporate world environment, it is not just sufficient for a student of professional to be sound theoretically but must also be exposed to the outer world in a dynamic way to face practical situation. Technical club was started in the university to enrich and empower the students with academic and technical excellence

The aim was to expose students to meet the practical challenges in the current scenario.

It builds self confidence and proactive approach among the students. The main activity is conducted like, Next tech, Poster Competition, World Heart Day, Artting Science, Writing Mania, Group Discussion, Power point presentations, Guest Lectures, Industrial Visit, Debate, Quiz Competition etc.

Technical Today Club dedicated exclusively for students is the most essential thing in university. The club focuses the needs of the students with respect to management, by providing various opportunities to the students in a direction to enhance their knowledge through different activities. This forum publishes bilingual Magazine dedicate to science & Technology called "Technical Today". Students publish article in this magazine covering current trends in science and technology. It is a platform which is provided by this club to students to enhance writing and critical thinking ability. This club run by the students for the students.

The forum not only enhances knowledge but also provides the platform to apply that knowledge along with technical skills. The forum ignites the spirit of competition among students by conducting various competitions which also develop the ability and strengthens each student. The club emphases on career building also.

The club has constantly stood at the maximum level to support the students. Undoubtedly that every student who joins the forum flies out with significant knowledge and Confidence.
