

Introduction:

Mewar University is dedicated to providing quality education to its students and continuously strives to improve its curriculum and teaching methods. As a part of this effort, the university has implemented a structured feedback process from various stakeholders such as students, teachers, employers, alumni, and academic peers. This report summarizes the feedback received and the actions taken based on the feedback.

Feedback from Students:

The university conducted a survey of its current students to obtain feedback on the curriculum and its transactions. The majority of the students reported that the curriculum was comprehensive and covered all the important topics in their field of study. However, a small percentage of students suggested that some courses could be made more interactive and practical in nature.

Action Taken: Based on the feedback, the university has taken the following actions:

- 1. Increased the number of practical sessions in certain courses to make them more interactive and hands-on.
- 2. Encouraged teachers to use more case studies and real-life examples in their lectures to make the material more relevant and engaging.
- 3. Provided additional training to teachers on teaching methods and technology tohelp them effectively implement these changes in the classroom.

Feedback from Teachers:

The university also sought feedback from its teachers on curriculum and its transactions. The teachers generally reported that the curriculum was well-structured and covered all the important topics. However, some teachers suggested that certain courses could be updated to reflect the latest developments in their respective fields.

Action Taken: Based on the feedback, the university has taken the following actions:

- 1. Conducted a review of the curriculum and updated certain courses to reflect thelatest developments in the respective fields.
- 2. Encouraged teachers to attend professional development workshops

- and conferences to stay up-to-date with the latest developments in their fields.
- 3. Provided additional resources and support to teachers to help them effectivelyimplement changes in their courses.

Feedback from Employers:

The university also sought feedback from employers who have hired its graduates. The employers generally reported that Mewar University graduates are well-prepared and knowledgeable in their respective fields. However, some employers suggested that the university could do more to emphasize practical skills and real-world experience in its curriculum.

Action Taken: Based on the feedback, the university has taken the following actions:

- 1. Increased the number of internship and co-op opportunities for students to gain real-world experience.
- 2. Encouraged teachers to incorporate practical skills and real-world scenarios into their courses.
- 3. Provided additional resources and support to students to help them effectively apply their knowledge and skills in real-world situations.

Feedback from Alumni:

The university also sought feedback from its alumni on the curriculum and its transactions. The majority of the alumni reported that the curriculum was comprehensive and provided them with a strong foundation for their careers. However, a small percentage of alumni suggested that the university could do more to prepare them for the challenges of the workplace.

Action Taken: Based on the feedback, the university has taken the following actions:

- 1. Incorporated more real-world scenarios and practical skills into the curriculum to better prepare students for the challenges of the workplace.
- 2. Provided additional career counseling and job search support to students to help them effectively transition into the workforce.
- Encouraged alumni to stay connected with the university and participate in mentorship programs to provide students with guidance and advice as they embark on their careers.
